EDUCATION

SavitriBai Phule Pune University   Pune,India
Computer Engineering Bachelor of Engineering   July 2021 - June 2025
CGPA: 8.14

EXPERIENCE

Cognifiz Technology | Java Development intern   Pune,India | January 2024 - February 2024

During my internship, I gained experience in developing a range of applications including temperature converters, palindrome checkers, grade calculators, password generators, Tic-Tac-Toe games, password strength checkers, and chat applications. These projects enhanced my skills in programming, problem-solving, user interface design, security, and networking, providing valuable hands-on experience for real-world development scenarios.

SKILLS

Programming Languages:	C++, Java, Python, HTML, XML, PHP
Libraries/Frameworks:	Javascript, Bootstrap
Tools / Platforms:	VS code, Pycharm, Jupyter notebook
Databases:	MySql, MongoDB

PROJECTS / OPEN-SOURCE

Portfolio | Link   *Html, CSS, Javascript,PHP*

This portfolio, crafted with HTML, CSS, and JavaScript with PHP, showcases my skills and projects. It boasts a clean design, responsive layout, and user-friendly interface. Featuring a brief bio, skills overview, project gallery with descriptions, and contact form, it highlights my expertise and invites engagement.

Student Attendance Management System | Link   *HTML,CSS,JS,PHP*

Developed a comprehensive Student Attendance Management System utilizing HTML, CSS, JavaScript, and PHP. The system allows teachers to mark attendance, view records, and generate reports. Integrated user authentication ensures secure access. Implemented a responsive design for optimal use across devices. Enhanced user experience with intuitive interfaces and seamless navigation.

Resume Builder Website | Link   *PHP, Bootstrap, HTML,CSS and JavaScript*

A Resume Builder project using PHP is a web application that allows users to create, edit, and download professional resumes. It features a user-friendly interface where users can input their personal information, education, work experience, and skills.
